

# QB2200 COMBO VENDOR

## Maximum Variety. Minimal Footprint. Superior Performance.

### **FEATURES:**

- With a 330-item capacity the QB2200 rivals many larger models' capacity. Ask about our entrée unit for even more capacity.
- The QB2200 delivery system offers one of the largest varieties of can and bottle products of any combo machine in its equipment class. Additional accessories may be required.
- Delivery and setup is a breeze with our narrow cabinet design.
- EPA/DOE/NAMA approved R290 refrigerant offers a superior energy & environmental attribute.
- Enhanced security with dual locking points.

### **OPTIONS:**

• Entrée unit offers shelf stable meal replacement to meet even the hungriest customers' needs without having the shorter shelf life of refrigerated food items.

• Credit card reader allows you to remotely monitor all sales transactions, and upgraded package allows for product pre-kit reports.
